Specifications

Wherever possible, use a vibrantly colored background with a white or lighter colored logo/mark. We recommend not including the name in the image since name text is displayed below the image. The PassKey name should be less than 30 characters long.

If white is the only possible background color, use pure white #fff (Do not use #f7f7f7).

Center logo with a minimum of a 10px margin around all edges of logo.
